

# Damansara Realty bags second Rapid job

**KUALA LUMPUR:** Damansara Realty Bhd, through a consortium, has clinched a RM26.21 million contract to provide security management services for Petronas' Refinery and Petrochemical Integrated Development (Rapid) project in Pengerang, Johor.

The contract could be extended to include RM9.77 million in additional services, said Damansara Realty.

The consortium consists of Damansara Realty's 95.5 per cent-owned unit TMR Urusharta (M) Sdn Bhd, ACME Security Sdn Bhd and AHS Security Sdn Bhd.

Under the terms of the contract, the consortium will operate and maintain security services for utilities, interconnecting and offsite facilities at Rapid, the second mega project in Johor's Pengerang Integrated Petroleum Complex, which is slated to be the region's largest oil and gas hub.

The 21-month contract should contribute positively to the company in the current year.

This is Damansara Realty's second project at Rapid.

On September 26 last year, it announced that a 70 per cent-owned TMR joint venture had secured a RM124 million contract to operate and maintain the temporary executive village and management office of Rapid project.
